Subject	What did School Council say?	What will we do next?	
Feedback from Class Council	We talked about birthdays and wearing your own clothes on your birthday	Everybody thought it was a good idea	
Playground Pals (Article 31: We have the right to relax and play)	We talked about playground pals needing a vest so that people know who the playground pals are and where they are.	We will look for some vests in the catalogue and budget for these from our fund	
Playground Signs	We want new signs for our playground. We looked at the catalogues and have decided that our height posters need updating. We also talked about having one of the seasons and one of bike-safety	We will let Mrs Charlesworth know our choices	
School Development Plan and School Council Action Plan (Article 12: We have the right to have our voices heard)	We met with Mrs Charlesworth this week and we agreed some areas to work on for this year. Now we want to write our own action plan. These are the things we will include: Wellbeing Counter-bullying Progress Inclusion Eco	Type it and put it on our School Council Board	
Other suggestions	We ran out of time today so will revisit these.
