

17th March 2023

Dear Parents,

'Pop in' Tue 28th March 3-4pm

Following feedback from children and parents after the 'mince pie drop in' in December, we are providing another informal opportunity for you to pop in to see books and work on display.

Clubs (Article 15)

Apart from Engineering Club, all school-led clubs such as football, netball and choir will finish next week. Engineering Club will be the only school-led club in the last week of term. Thank you to Y6 children, Mrs Turner, Rob Dawson, Emma Le Main, Tara Parker, Mr Hill and Mr Gallichan for giving up their time for these.

Photos

There will be class photos taken next **Friday 24th March**. All children should come in uniform (if it is a PE day, they can bring their kit and get changed after the photo). We will also take netball team and football team photos, so players will also need this kit.

Disco (Article 31)

It's too cold for an outdoor disco next week, so we will postpone this until after Easter. The new date will be **Thursday 20th April**, 5.45-7.00pm and all children are invited. The tickets will be £3 and there will be crisps and snacks for sale. Tickets on sale via Pay360 Payment portal/ Direct online banking (Les Landes School Fund 40-25-41, 31082450 quote family name / disco) or using our new credit card machine in the school office.

Art Success

We entered 15 pieces of work into the Creative Arts Eisteddfod last week. All pieces were judged at Silver, Gold or Platinum, which is a reflection of the talent and skills of our children, and the high quality of teaching we have across the school. The overall award for the best piece of 2D art was won by Jacob, in Y5, for a coastal art piece he completed in Y4. The pieces of work are in the dome on display, and you can see them during the 'pop in' afternoon before the end of term. Thanks to Mrs Courtness for selecting, entering, displaying and collecting the work.

Vinchelez Manor - heavy plant movement

For your information, the site manager for the construction work at Vinchelez Manor has contacted us about excavation work next week. They will have a banksman at the site entrance on La Rue de l'Etoquet from Wednesday onwards as there will be a number of trucks entering and exiting the site.
